

Supplies for activity needed:

- Colored construction paper
- Paint brushes
- Paint pallet, paper plates work great too
- Washable white paint
- Additional paint colors: black, brown, red, green, blue, orange OR
- Colored pencils/markers (if you'd rather not use paint to add arms, faces, and accessories)

Activity Name: Snowperson Handprint

- School Readiness Outcomes (SRO) goals met:
  - Plans complex activities- showing interest in simple use of materials
  - Plans complex activities- carries out complex and varied events/activities
  - Relates to adults- working on complex projects
- Instructions
  1. Gather materials.
  2. Lay out tablecloth or newspaper on table to help with cleanup.
  3. Paint one of the child's hands using the white paint and press firmly onto the colored paper. Let dry for a few minutes.
  4. Go wash the paint off your hands!
  5. Using a small paint brush and brown paint add arms to your snow people. If you don't have brown paint a colored pencil or marker will work too!
  6. Using a black paint or colored pencil add eyes and a mouth to your snow people. Next, add buttons down the belly of your snow people.
  7. Using orange, add a carrot shaped nose

8. Add hats to your snow people using any colors you'd like! Try adding a hat that looks like the one you wear to play outside! An easy way to make a hat is to draw/paint a triangle and then add a circle on top to look like a pompom.
9. Add falling snow to your background using the end of a paint brush, dipping it into white paint and lightly tapping it on the paper.
