

Popsicle Snowflake making

Supplies for activities needed:

- popsicle sticks
- paint (color is optional)
- paintbrushes
- glue bottle
- glitter (optional)
- string (optional)
- scissors

Activity Name:

- School Readiness Outcomes (SRO) goals met:
 - Relates to adults
 - plans complex activity
 - understanding speech
- Instructions
 1. Take the paint and paintbrush and paint one side of three popsicle sticks and let them sit for ten minutes
 2. Once the painted side has dried, paint the other side and let that side dry for ten minutes
 3. Place a dot of glue on the center of a stick and lay another popsicle on top of the glue, forming an "X". Place another dot on the top stick and have the last stick lay across the top to form a snowflake.
 4. Press down on the middle where the sticks are glued down. Press down for two full counts of the ABCs, and then let sit for another two minutes.
 5. (Optional) Spread glue with the paintbrush in the center of the sticks and pour glitter overtop
 6. (Optional) spread glue with the paintbrush on the outer tips of the sticks and pour glitter overtop

7. Shake off extra glitter
8. Cut off an inch piece of string and glue both sides onto the back of the snowflake
9. Clean up the glitter mess!
