

Book title: Bear Counts

Author: Karma Wilson and Jane Chapman

Supplies for activities needed:

- Paper
- Coloring Materials (crayons, markers, etc.)

Activity Name: Numbers, Numbers Everywhere!

- School Readiness Outcomes (SRO) goals met:
  - Beginning Reading: Identifying Some Letters and Numbers
  - Identifies Patterns (the pattern that numbers are counted in)
- Instructions
  1. Work with the child on how to draw/write the numbers 1-5
  2. Go back through the video and pause on certain pages, on those pages count the other items on that page that are not mentioned with the child
  3. Draw different objects in different amounts, see if the child can identify which group of objects has the correct number in it that you ask for
- Extension Activity Ideas
  - Go outside or on a walk with the child. While on the walk find sticks, leaves, rocks, etc. and count them with the child at the end of the walk
