

Supplies for activities needed:

- A glass jar
- Pictures (can be from a magazine, online, family photos, etc)
- Modge Podge (can be substituted for a mixture of water and white school glue)
- A paint brush
- Paper
- Writing utensil

Activity Name: Bucket List Jar

- School Readiness Outcomes (SRO) goals met:
  - Reading several words
  - Working on complex projects with familiar adults
- Instructions
  1. Talk with your child about what a bucket list is or ideas on what they would like to put into their bucket list. Feel free to make the bucket list as long as you'd like.
  2. Start the activity by helping your child get started on modge podging their pictures on the jar. It works best if you brush a little bit of the modge podge onto the jar before sticking the picture on, just to help it stay. Then make sure to cover the pictures thoroughly so that they will stick. It shouldn't take too long to get the hang of it for them. This can be messy, so feel free to put something protective down on the surface you are doing the activity on!
  3. While the jar is drying, work with your child on filling out their bucket list. Feel free to work with them on spelling words, but you can have them draw pictures as well.
  4. Once the jar is all dry, you can begin on your bucket list! Once you are able to cross something off of the list, you can cut it off of the piece of paper you used to write it out and put it into the

jar. By the end of the year, you can look back on what you accomplished with you child/family.
