

Supplies for activities needed:

- Pancake mix
- Water
- Mixing bowl
- Measuring cups
- Griddle or frying pan
- Spatula

Activity Name: Making Pancakes

- School Readiness Outcomes (SRO) goals met:
 - Your child will be able to plan complex activities by knowing the right amount of mix and water and putting the steps in order.
- Instructions
 1. Make sure you have all of your necessary supplies.
 2. Look at the back of the pancake mix box to see the required amount of mix and water for the number of pancakes you need.
 3. After you decided how many pancakes you want, measure your water and pancake mix and put them in a bowl.
 4. Mix the water and pancake mix until there are no clumps left.
 5. After there are no clumps, you can start making your pancakes. Spray the pan with cooking spray so your pancakes do not stick. Pour the mix onto the pan and start cooking them.
 6. When bubbles start to form on your pancakes, flip them over to cook the other side. When both sides are done, take them off the pan and continue to make the rest of your pancakes.
 7. After all the pancakes are made, add any toppings you want.
 8. Enjoy your pancakes
