

Ooey Gooley Slime Tutorial (No glue, No borax)

Supplies for activities needed:

- Plastic bag (Small)
- Cornstarch
- Water
- Spoon (For Cornstarch)
- Shampoo
- Food coloring

Activity Name: Ooey Gooley Slime Tutorial (No glue, No borax)

- School Readiness Outcomes (SRO) goals met:
 - Plans complex activities
 - Make and expresses choices
 - Relates to adults
- Instructions
 - NOTE:** The following steps can be done in varying orders and amounts
 - NOTE:** Whenever you add liquid to the bag, you will want to add a bit more of cornstarch
 - NOTE:** It is recommended that slime stay in the bag so as to prevent damage to clothing or other household items (food coloring can dye clothing and fabrics)

1. Take the plastic bag and put in a spoonful of cornstarch.
2. Put a splash of water into the bag and mix the cornstarch and water together.
3. Add a couple drops of food coloring until desired coloring is achieved.

4. Add another, a second, spoonful of cornstarch to the bag and mix it.
5. Put a little bit of shampoo in the bag if the mixture needs more liquid and mix it.
6. Continue this pattern until desired texture is achieved.
7. Enjoy the slime and keep it away from sharp objects and mouth.
