

Snowstorm in a Jar

Supplies for activities needed:

- Baby oil
- White Paint
- Alka-Seltzer tablets
- Clear glass jar
- Glitter (optional)
- Blue Food Coloring (optional)

Activity Name: Snow storm in a Jar

- School Readiness Outcomes (SRO) goals met:
 - Following simple directions
- Instructions
 1. Fill jar with $\frac{1}{4}$ water
 2. Add about a teaspoon of white paint in water and mix
 3. Fill up the rest of the jar with baby oil. Let the water and paint mixture settle to the bottom
 4. Add glitter and food coloring if you would like it to look prettier but it's not necessary, mix and let mixture settle again
 5. Break up Alka-Seltzer tablets and drop broken pieces one at a time
 6. Watch what happens!
