

Supplies for activities needed:

- Clear, empty bottle
- Water
- Baby Oil
- ABC beads
- Glitter (OPTIONAL)
- Food Coloring (OPTIONAL)

Activity Name:

- School Readiness Outcomes (SRO) goals met:
 - Identifying letters in the alphabet
 - Reading several words
- Instructions
 1. First, you are going to make sure that your clear bottle is clean, also remember to take off any labels or stickers that the bottle may have.
 2. Once your bottle is ready, have you or your child fill water inside the bottle no more than halfway full. It is up to you on how much water to baby oil ratio you would like.
 3. Next, fill the rest of the bottle with baby oil. This can be done by your child, but they may need a little assistance.
 4. Finally, add the ABC beads, glitter, and food coloring. The glitter and food coloring is optional! Also, feel free to add other things as well, such as pom poms or other colorful beads!
 5. Have your child shake the bottle up and see how the beads float around! Ask them if they can recognize any letters inside the bottle.
- Extension Activity Ideas
 - Practice writing words with your child by using the letters that they can find inside the sensory bottle. See if they can write a story using those words.
