  1. Lay the fabric you want on the bottom facing down on your flat surface.
  2. Lay your other fabric on top of the bottom fabric facing up. Make sure they are aligned.
  3. Start in one of the corners of your blanket and cut out a square.
  4. Then start making your fringes on that side of the blanket.
  5. Repeat step 3 until all 4 corners have a square cut out and fringes are made.
  6. Once fringes are made you can tie all of your fringes.
  7. I prefer tying your fringes after once side is complete, so the two fabrics stay aligned.
