

Supplies for activity needed:

- Paper
- Coloring tools
- Scissors
- Tape/glue
- Straw

Activity Name: Shoot for the Stars: Paper Rockets

- School Readiness Outcome (SRO) goal met:
  - Plans Complex Activities
  - Makes Comparisons
- Instructions:
  1. Take a piece of paper and draw a rectangle with the two long sides on the left and right and the two short sides on top and bottom.
  2. Then draw one triangle on top of the rectangle. Draw two more triangles on each side of the bottom of the rectangle.
  3. Draw two circles, one inside the other, in the rectangle.
  4. Color in the different shapes.
  5. Make a paper loop and tape it to the back of the rock, and then put the loop around the straw and blow through the straw to “launch” the rocket.
